Mcculloch pro mac 10-10s manual While I rely heavily on Auto focus most of the time, there are still occasions when I...switch my camera over to Manual focus.. ...If you're in a situation where a moving object is traveling in a very predictable way, then...you might be able track focus manually very smoothly as you wait for the precise moment...that you want to shoot.

1. [canon g7x mark ii manual focus](#)
2. [canon 6d mark ii manual focus](#)
3. [canon g7x mark iii manual focus](#)

...For moving situations, Manual focus is sometimes faster than Auto focus for the simple reason...that, as good as your Auto focus system is, you're still smarter than it is.. ...Your Auto focus system may rack in and out of focus as it looks for the point.
